NEW ZEALAND EXPEDITIONARY FORCE.

INTRODUCTION.

IN view of the fact that four volumes of "The Official History of New Zealand's Effort in the Great War" and also the "Roll of Honour" have been published, the question may perhaps be asked, Is there room or justification for a further volume? In the opinion of the writer there is room and justification for both "A History of the Administration of the New Zealand Expeditionary Force" and for "A Record of Personal Services."

The problems of administration in the recent war, especially in the case of a Force like that of the N.Z.E.F., operating as it did at such a distance from its base in New Zealand, in so many widely separated theatres of the war at one and the same time, and under so many different commands in the field, were so numerous, varied, and complex that an able writer should have little difficulty in making a history of the administration as carried out by the G.O.C. N.Z.E.F. and his chief Staff Officer, General Richardson, almost as interesting to the general reader as are any of the admirable volumes already published, and possibly of even greater value to the student of modern warfare.

The first three volumes deal exhaustively with the operations in Gallipoli, France, and Sinai-Palestine; the fourth contains a collection of articles by different writers, each giving either the history of some operation or activity of the N.Z.E.F., not within the scope of any one of the first three volumes, or an account of the work of some special department. They are records of events, and only indirectly and in the case of a very limited number of soldiers are they records of personal services. This publication, on the contrary, is in the main a record of personal services; not only does it contain a list of all N.Z.E.F. officers, nurses, and first-class warrant officers, with an abridged record of their services, but also lists of officers and others who, though not strictly speaking members of the N.Z.E.F., yet served in some subsidiary capacity to it; it also contains a complete list of all Honours and Decorations conferred on members of the N.Z.E.F. for overseas service in the war, and, in addition, a variety of miscellaneous information that should be helpful to readers of the volumes already published.

This volume will not duplicate or, if at all, to a very small extent, the information given in the preceding volumes; it is supplementary to them, and is somewhat of the nature of a dictionary or appendix, and should be read with them; it will also act as a handy book of reference for the use of ex-service men, their relations, and the general public in regard to the war services of all those in whom they may be interested.

It was the desire and intention of the G.O.C. N.Z.E.F. to arrange for the publication of this record in England on the completion of demobilization. Had this been done both its usefulness and the demand for it would probably have been greater than at present. Paper and printing were, however, at that time at famine prices in England, and on the score of expense it was decided to forward the manuscript to New Zealand and leave it to the Government to deal with as it thought best. The necessity for economy has precluded its publication until now; this delay has, however, enabled the manuscript to be revised and added to by the editor, and to be checked as regards most of the names and dates by the N.Z.E.F. Base Records Office, and it has therefore by no means been wholly detrimental.

It is much to be regretted that this work does not include the names of all those who served in every rank of the N.Z.E.F. To have included all ranks would, however, have been a work of considerable magnitude, running into many volumes, involving much special research and a heavy expenditure; the compilation of this work has on the contrary been done voluntarily, and the expenditure involved will be restricted to the bare cost of printing; had it been otherwise the publication of even this single volume might not have been authorized. The writer desires to point out, however, that nearly half of those whose names are here recorded were commissioned from the ranks, and that the names of all "other ranks" awarded honours and decorations are included.

Memories of public service are proverbially short, and, in view of the fact that a record of the services of all members of the N.Z.E.F. of certain ranks is available for publication at small cost to the country, it would seem hardly fair to those concerned that this record should not be made public solely because it is not at present practicable to publish the record of all ranks.

EXPLANATORY NOTES.

Such explanatory notes on the contents of this volume as are considered either necessary or helpful to their interpretation are now given hereunder in the same order of sequence as are the contents themselves.

THE COMPOSITION OF THE N.Z.E.F.

The composition of the N.Z.E.F. is given as on the 29th December, 1918, because this was the last day prior to the commencement of demobilization.

If the reader will compare the composition of the N.Z.E.F. at the close of the Gallipoli campaign (see Vol. I of the N.Z. Official History, pages 304, 305) and that of the New Zealand Division just prior to its embarkation from Egypt for France (see Vol. II, pages 278 to 281) with that of the N.Z.E.F. at the close of 1918 as shown in this volume he cannot fail to be struck with the frequency of the changes that took place and with the steady growth in the number and variety of the units composing it. The changes themselves and the causes which led to them are so fully described in the official war histories that no general account of them is required here; but the variations on different dates and the apparent contradictions as regards the nomenclature of the same units as given in columns 3 and 6 in the "List of Officers" may, however, confuse the reader unless his attention is drawn to the following facts, namely:—

Up to the return of the troops to Egypt from Gallipoli the N.Z.E.F. was merged in and formed the greater part of the New Zealand and Australian Division.

On the reorganization of the troops in Egypt early in the spring of 1916 a complete New Zealand Division was organized, and became one of the divisions, first, of the I Anzac Army Corps, a few months later of the II Anzac Army Corps, and at subsequent periods of the IV and other British Army Corps.

The New Zealand Mounted Rifles Brigade early in 1916 was constituted a Brigade of the Australian and New Zealand Mounted Division, and continued in this formation to the close of the war.

The Otago Mounted Rifles was at no time a unit of the New Zealand Mounted Rifles Brigade. In Gallipoli it was a full regiment, and served as divisional mounted troops to the New Zealand and Australian Division. On the return of the regiment to Egypt it was reduced to one squadron. This squadron eventually became a squadron of the II Anzac Corps mounted troops; the balance of personnel in conjunction with the Maori Contingent were formed into the N.Z. Pioneer Battalion. Eventually this battalion was made to consist wholly of Maoris, and the then existing old Otago Mounted Rifles personnel was absorbed into other units of the New Zealand Division.

As regards the Infantry: Up to the close of the Gallipoli campaign the N.Z.E.F. contained only one brigade, composed of four battalions, known as the Auckland, Wellington, Canterbury, and Otago Battalions respectively.

On the formation of the N.Z. Division an additional brigade was organized by the expansion, with the help of surplus Infantry and mounted reinforcements, of each of the four Territorial battalions into two battalions. The four old battalions continued to form the old brigade, henceforth described as the 1st N.Z. Infantry Brigade, while the four new battalions were formed into a new brigade, described as the 2nd N.Z. Infantry Brigade. Each lot of two battalions of the same name, although they were in different brigades, together formed a regiment and a single unit for promotion; later on the reinforcements of each of these four regiments were constituted reserve battalions and were known as 3rd (Res.) Battalions.

The N.Z. Rifle Brigade organized in New Zealand reached Egypt early in 1916. Thenceforward it constituted the 3rd Brigade of the N.Z. Division, and was described as the 3rd N.Z. (Rifles) Brigade. This brigade had four service battalions at the front and one reserve battalion in the United Kingdom, described as the 5th (Res.) Battalion.

In January, 1917, the 1st and 2nd Infantry Brigades were reorganized, the 1st Brigade being made to contain the two Auckland and the two Wellington battalions, and the 2nd Brigade the two Canterbury and the two Otago battalions, thus bringing all the battalions of each regiment into the same brigade and greatly facilitating their administration.

In February, 1917, a fourth N.Z. Infantry Brigade of four Territorial battalions was organized out of surplus Infantry Territorial reinforcements; it continued to function until January, 1918, when it was disbanded.

The reader should note that during the existence of this brigade its battalions were described as the 3rd Battalions of their respective regiments, and the designation of the Reserve battalions was consequently changed to 4th (Res.) Battalions, in place of 3rd (Res.) Battalions as heretofore; it should also be noted that the organization of this 4th Brigade necessitated the formation and the contemporaneous existence of the following new units, namely, a 4th Company N.Z. Engineers, a 4th Company N.Z. Machine Gun Corps, a 4th Company N.Z. Army Service Corps, and a 4th N.Z. Field

Ambulance. On the disbandment of the 4th N.Z. Infantry Brigade its personnel was formed into entrenching battalions and was employed at the front on defensive works until required as reinforcements for the 1st and 2nd Infantry Brigades.

As regards the Artillery: From the date of the formation of the N.Z. Division to the end of 1916 the Divisional Artillery consisted of the 1st, 2nd, and 3rd Brigades, of four batteries each of four 18-pounders and a 4 in. (Howitzer) Brigade of three batteries.

In January, 1917, one of the batteries in each of the first three brigades—namely, the 8th, 10th, and 14th—were disbanded, their places being taken by the 4th, 6th, and 15th Howitzer Batteries, and the 4th (Howitzer) Brigade automatically ceased to exist.

The 1st and 3rd Brigades remained with the N.Z. Division, but the 2nd Brigade was detached and served for the rest of the war in British formations.

STRENGTH OF THE N.Z.E.F.

An analysis of the figures given on page 18 will show that, of the total of 47,985 then in the Force in France and the United Kingdom, 1,801 were behind the lines in France in camps, hospitals, &c., and 26,609 in the United Kingdom; that is to say, a total of 47,985 men were required to enable 19,575 men, or 40 per cent. of the whole, to be kept in the field at one and the same time.

REGULATIONS OF THE N.Z.E.F.

These regulations embody the policy of the G.O.C. N.Z.E.F. with regard to such matters as promotions, appointments, transfers, &c. All additions or alterations at any time made to them were promptly published in N.Z.E.F. orders, and a full copy of the regulations as amended to date were included in all "N.Z.E.F. Lists" from time to time issued.

It was desired that every member of the Force should be aware of his exact position in his "unit for promotion," and should feel confident that promotions would be made in conformity with the regulations published, and that his claims would receive full consideration no matter in what capacity or location he might be serving.

Though these regulations were as far as was possible rigidly adhered to, they themselves were by no means rigid, but grew and changed in conformity with the growth of the Force and the ever-changing conditions of the war; their suitability was closely watched, and any alterations or additions that in the light of experience appeared needed or advisable were promptly made.

The general principles adopted with regard to promotions, subject to the provisos and exceptions described in Regulations Nos. 20, 26A, 26B, and others, were as follows: All promotions to the rank of Lieut.-Colonel and over, and all appointments carrying such ranks, were made solely by selection; in the case of officers of the rank of Captain and under, promotions up to the rank of Major were made in accordance with seniority, provided the senior officer had the recommendation of his Commanding Officer as being "fit for promotion to a higher rank."

In order to facilitate promptness in promotions and in the filling of vacancies the following policy was adopted: a questionnaire was from time to time (generally at intervals of about three months) forwarded to all officers commanding units; this questionnaire asked for a report on each

officer under his command, as to whether he was or was not "fit for promotion to a higher rank." Any unfavourable report was shown to the officer concerned by his Commanding Officer, and all reports were forwarded to headquarters. On a vacancy occurring the senior officer having a favourable recommendation was immediately promoted, and no officer not recommended as fit for higher rank was promoted no matter what his seniority might be.

Regulation No. 20 was made not only with the view of preventing a superabundance of senior officers, but still more to encourage officers to serve with their units rather than seek seconded appointments.

In the year 1917 a system of periodical interchange of officers between the two service battalions at the front on the one hand and the reserve battalion in the United Kingdom on the other hand was instituted; by this means the continuous strain on officers at the front could at times be relieved, and the training in the reinforcement camps could be the better kept up to date as regards war requirements. This system not only proved successful in both these respects, but it also materially increased the sympathetic understanding between the service and reserve battalions, to the great benefit of the solidarity of the regiment as a whole.

LIST OF OFFICERS OF THE N.Z.E.F.

As regards column 4, "Unit or Units," many officers belonged at different times to several different units during the long course of the war; in all such cases the units are shown in the sequence of service. As regards column 6, the same appointments would in many or probably in most cases be held by a succession of different officers.

Neither "acting appointments" nor "temporary appointments" of only a few days' duration are shown.

Lack of space has necessarily restricted the information given under this subheading to that of the higher commands or special regimental or seconded appointments held; as regards these special appointments it should be noted that many are of minor importance as compared with the service of an officer of the same rank with his unit at the front. In such cases they are given partly as a reminder to the officer concerned, but chiefly as an exemplification to the general reader how many and varied are the appointments for which officers have to be found in modern warfare, especially if prolonged.

The editor desires to stress the fact that a blank space under this subheading is in no sense an indication of indifferent service by the officer concerned; on the contrary, it is in most cases proof of such officer's continuous service with his unit at the front, than which there is no more valuable service in war.

OFFICERS OF N.Z.E.F. TRANSFERRED TO OTHER FORCES.

In the case of all requests for such transfers the questions considered were—Can such officer be spared; and, if so, will the experience he will gain by his transfer be likely to be of benefit to the New Zealand Defence Forces after the war? Both in this matter of transfer to other forces and in the diversity of war service arranged for many officers of the N.Z. Staff Corps the G.O.C. ever studied the future welfare of the Force he had had so large a share in organizing.

COMMISSIONS GIVEN TO "OTHER RANKS" IN BRITISH NAVAL AND MILITARY SERVICES.

During the latter part of the war the War Office gave the G.O.C. N.Z.E.F. power to make a specific number of nominations monthly for training in Officer Cadet Corps or otherwise for commissions in the above services. The most popular of these services was undoubtedly the Royal Air Force: had the desire for transfer to this Force been fully met a serious shortage in the N.Z.E.F. of both officers and "other ranks" would have resulted.

SUMMARY OF COMMISSIONS GIVEN.

As the war proceeded and New Zealand became depleted of its trained officers and the machinery for the training of officers in the United Kingdom expanded and improved, it became more and more apparent that the best system under the circumstances for the maintenance of the supply of officers for the N.Z.E.F. was by the nomination of "other ranks" for training in officer Cadet battalions in the United Kingdom. Under this system a soldier, after having proved his capacity in the field in the ranks, was given the environment and atmosphere of an officer for from six to nine months before being called upon to take up his duties as an officer; also, as no such Cadet started as an officer in a higher rank than that of 2nd Lieutenant, no supersession grievance could arise. Latterly this system was adopted even to the extent of sending officers to New Zealand to serve with reinforcements with the view of avoiding the necessity of giving commissions to those without war service.

Among the principles adopted and strictly adhered to with regard to the granting of commissions from the ranks were the following: No member of the N.Z.E.F. was even considered for nomination to an Officer Cadet Corps unless and until he was recommended by the officer commanding his unit. In the case of the non-combative branches of the service no soldier was given a nomination unless he had not only been recommended by the officer commanding his own unit but had in addition been subsequently transferred to a combative unit at the front, and, after having served at least three months with such unit, had been favourably reported on by the officer commanding such unit as regards behaviour under fire. In many cases applicants of this class were killed in action while undergoing the above probationary service at the front.

By the close of the war nearly 50 per cent. of the officers serving in the N.Z.E.F. had been commissioned from the ranks.

EMBARKATIONS FROM NEW ZEALAND.

After the departure of the N.Z. Division from Egypt to France all reinforcements for the N.Z. Mounted Rifles Brigade and its subsidiary units were sent to Sydney or Melbourne, and were transhipped there into transports conveying troops from Australia to Egypt. In the demobilization the New Zealand troops in Egypt were not sent to England, but were shipped direct to New Zealand.

CASUALTIES.

Although, owing to the efficiency of the commissariat and the special sanitary and preventive measures taken by the Medical Officers, the war wastage due to disease was exceptionally light, the total casualties were

very heavy; as evidence of this it may be stated that (with the exception of operations in connection with the final advance) in every offensive in France the killed and wounded averaged about one-third of the troops actually engaged.

HONOURS AND AWARDS.

The list of honours and awards is restricted to those received for war service overseas in or with the N.Z.E.F.

THE APPENDICES.

The appendices contain lists of officers who, though strictly speaking not members of the N.Z.E.F., nevertheless (with the exception of the Flying Cadets), served in some subsidiary capacity to it.

THE INDEX.

The only names mentioned in this volume which are not included in the index are those of "other ranks" below the ranks of 1st Class warrant officers who were recipients of honours and decorations; these will be found, however, in the alphabetical lists of the different honours and decorations.

ACKNOWLEDGMENTS.

The initiation of this "Record" met with the cordial approval of the G.O.C. N.Z.E.F. He also greatly furthered the work by the personal interest he took in it, and by the constructive criticism and advice he gave with regard to its composition.

There have been many contributors to the information contained herein, and to them the grateful thanks of the editor are due. The compilation of the "List of Officers" has been chiefly the work of the staff of the A.A.G., N.Z.E.F., and in particular of Lieutenant C. D. Burdekin, without whose continuous and hearty co-operation this part of the work could not have been undertaken.

Most of the names and dates given in the lists of officers, nurses, and warrant officers have been checked by the N.Z.E.F. Base Records Office in New Zealand, and this office has also been most helpful in other ways.

CONCLUSION.

The work of editorship and revision has been heavier than was anticipated; it has had to be carried out at infrequent intervals in the press of much other work and consequent interruptions: this has made the necessary concentration of attention a difficult matter.

The editor is alone responsible for all errors and omissions; with the best endeavours to avoid them he fears that in such a mass of detail there must be many, especially omissions. To any officer not given his full due he tenders his sincere apologies and regrets.

JOHN STUDHOLME, Lt.-Col.

EXPLANATION OF ABBREVIATIONS.

The following abbreviations are used when necessary :—

A.A.G.	..	Assistant Adjutant-General.
A.A. & Q.M.G.	..	Assistant Adjutant and Quartermaster-General.

List of Units, Formations, Depots, &c., which, though not a Part of the N.Z.E.F. on 29th December, 1918, were incorporated in it for some Period of the War.

Name of Unit, &c.	Period of Incorporation.	Remarks.
Otago Mounted Rifle Regt. ..	5/8/14-1/3/16..	Reduced from a regiment to a squadron and made II Anzac Corps Mounted Troops.
N.Z. Camel Co. (No. 15 Co., 4th Anzac Bn., Imperial Camel Corps)	24/7/16-31/7/18	Personnel utilized partly for formation of 2nd N.Z. Machine Gun Squadron and partly as Mounted Rifles Reinforcements.
N.Z. Camel Co. (No. 16 Co., 4th Anzac Bn., Imperial Camel Corps)	17/10/16-31/7/18	Ditto.
4th N.Z.F.A. (Howitzer) Bde. ..	11/3/16-25/1/17	Disbanded on reorganization of N.Z.E.F. Artillery. One (How.) Battery was incorporated into each of the three retained Brigades.
8th Battery, N.Z.F.A. ..	11/3/16-25/1/17	Personnel absorbed into other N.Z.F.A. batteries on the reorganization of the N.Z.E.F. Artillery.
10th Battery, N.Z.F.A. ..		
14th Battery, N.Z.F.A. ..		
Heavy Trench Mortar Battery ..	June/16-15/2/18	Disbanded on the reorganization of the Trench Mortar Batteries.
"Z" Medium Trench Mortar Battery	June/16-15/2/18	Ditto.
Engineer Field Troop	5/8/14-1/3/16..	Personnel utilized for new N.Z.E. Field Co. on the organization of the N.Z. Division.
No. 4 N.Z.E. Field Co.	15/3/17-7/2/18..	Disbanded contemporaneously with disbandment of 4th N.Z. Inf. Bde.
4th N.Z. Inf. Bde., Signal Section	15/3/17-7/2/10..	Ditto.
4th N.Z. Inf. Bde.—	15/3/17-7/2/18..	Disbanded owing to personnel being required for reinforcements.
3rd Bn., Auckland Regt.		
3rd Bn., Canterbury Regt.		
3rd Bn., Otago Regt.		
3rd Bn., Wellington Regt.		
No. 4 Co. N.Z. Machine Gun Corps	15/3/17-7/2/18..	Disbanded contemporaneously with disbandment of 4th N.Z. Inf. Bde.
No. 4 Co., N.Z. Army Service Corps	15/3/17-7/2/18..	Ditto.
No. 4 N.Z. Field Ambulance ..	15/3/17-7/2/18..	Ditto.
Lady Godley's Convalescent Homes—	Mar./15-May/16	Disbanded on transfer of N.Z. Division and other N.Z.E.F. units to France and United Kingdom.
At Zeitoun, Egypt		
At Alexandria, Egypt		
At Helouan, Egypt	Jan./16-May/16	Disbanded on transfer of N.Z. Division and other N.Z.E.F. units to France and United Kingdom.
2nd N.Z. Veterinary Section ..	14/12/14-1/3/16	Personnel utilized in formation of two new mobile veterinary sections.

The following depots, &c., were administered by the N.Z. High Commissioner and Staff from shortly after the commencement of the war up to the transfer of N.Z.E.F. Headquarters from Egypt to London in May, 1916:—

N.Z. Pay Section.
N.Z. Records Section.
N.Z. Section A. and N.Z. Depot, Weymouth (disbanded, 3/1/16).
N.Z. Base Depot, Hornchurch (from 3/1/16).
N.Z. Convalescent Section (Epsom).

The N.Z. Hospital at Mount Felix (Walton-on-Thames) was organized by the N.Z. War Contingent Association and was administered by this Association until it was transferred to the N.Z.E.F. about May, 1916, and renamed "No. 2 N.Z. General Hospital (Walton)."

Approximate Strength of the N.Z.E.F. as on 31st October, 1918, exclusive of Troops en route on the above Date from New Zealand to the United Kingdom and vice versa.

REGULATIONS.

(For explanatory notes see Introduction, pages 8 and 9.)

These regulations, as amended from time to time up to the 1st November, 1919, were published in all N.Z.E.F. Staff and Regimental Gradation Lists of Officers and other Ranks, and were the Official N.Z.E.F. regulations governing the following:—

- I. The original gradation of officers.
- II. Gradation of officers who subsequently joined the N.Z.E.F. or were promoted in that Force.
- III. Promotions, appointments, grants of temporary rank, and transfers of officers.
- IV. Reports on officers and procedure *re* officers placed on the N.Z. roll or evacuated from their units.
- V. Reserve of training battalions and depots.
- VI. Promotion of warrant officers, non-commissioned officers, and men in the N.Z.E.F.

I. Regulations on which the original Gradation List of Officers was drawn up.

1. Permanent officers rank senior to Territorial officers of similar substantive rank.
2. Permanent officers holding temporary rank in the N.Z. Permanent Forces are senior in that rank to Territorial officers of similar substantive or temporary rank, and among themselves, whether from Home or New Zealand, rank according to seniority in their respective substantive ranks, except in special cases where an officer held a higher temporary rank in New Zealand.
3. Any officer, whether permanent or Territorial, who is employed in the N.Z.E.F. in a lower rank than his substantive rank ranks senior of that lower rank.
4. Officers of the Unattached List take the date of their seniority in their respective ranks according to the dates in the N.Z. Army List in the list of unattached officers.
5. Officers from the Reserve and Retired Lists rank junior to officers of the Active and Unattached Lists in their respective ranks, officers of the Reserve being the senior.
6. Officers on first appointment (except as in No. 1) rank junior to the above in their respective ranks.
7. Officers holding honorary rank rank junior to all in above categories in their respective ranks.
8. Officers appointed to the command of brigades, regiments, battalions, and other units, or as seconds in command, in the N.Z.E.F., shall exercise command over any other officer serving therein, irrespective of the date of their appointments.
9. The above principles apply to the gradation of officers in the formation of the N.Z.E.F. Once formed, everybody is on the same footing as regular soldiers as regards precedence in their respective ranks, so long as the N.Z.E.F. is in being.

II. Regulations regarding the Gradation of those who subsequently join the N.Z.E.F. or who are subsequently promoted in that Force.

*10. Officers who subsequently join the N.Z.E.F. with reinforcements will take rank as follows:—

- (a) Permanent officers according to the date of their appointment to their rank, whether substantive or temporary.

* The following explanation will make clear the meaning and intention of Regulation 10:—

- If A1, A2, and A3 = Officers of N.Z. Permanent Staff joining N.Z.E.F. on various dates; and B1 and B2 = Territorial officers or officers on Unattached Lists joining N.Z.E.F. on various dates; and C1, C2, and C3 = Officers on N.Z. Reserve List joining N.Z.E.F. on various dates; and D1 and D2 = Officers on N.Z. Retired List joining N.Z.E.F. on various dates;
- then { D1 }
if { A1 } are gazetted to N.Z.E.F. on 5/8/14 they are to be placed as follows: { A1 }
{ B1 } { B1 }
{ C1 } { C1 }
{ D1 } { D1 }
- and if { A2 } are gazetted to N.Z.E.F. on 16/1/15 they are to be placed as follows: { A2 }
{ C2 } { C2 }
{ A3 } { A3 }
- and if { B2 } are gazetted to N.Z.E.F. on 18/5/15 they are to be placed as follows: { B2 }
{ A3 } { A3 }
{ D2 } { D2 }

The correct order of seniority of all above officers is therefore

Not		Not	
A1	A1	C2	C1
B1	A2	A3	C2
C1	A3	B2	C3
D1	B1	C3	D1
A2	B2	D2	D2

- (b) Territorial officers according to the date of their appointment in the N.Z.E.F.
 (c) Those appointed on the same date shall rank among themselves in accordance with the principles laid down for Gradation List (see note).

11. Officers subsequently promoted in the N.Z.E.F. will take precedence in the Force according to the dates of their promotions in the N.Z.E.F., whether they be regular or Territorial officers.

III. Regulations governing Promotions, Appointments, Grants of Temporary Rank, and Transfers of Officers.

PROMOTIONS AND APPOINTMENTS.

12. Promotions made in New Zealand, since the departure of the N.Z.E.F., in the ordinary course of promotion in the various home units, will not take effect in the N.Z.E.F.

13. A 2nd Lieutenant who has served for not less than eighteen months in the N.Z.E.F. may be recommended for promotion, irrespective of whether or not a vacancy has occurred in the establishment of his unit.

Promotions under the provisions of this regulation are not automatic, and are made only on the recommendation of the officer commanding the unit of the officer concerned.

Unless such a recommendation is made within one month of the date on which an officer became eligible under this regulation, the promotion will not be antedated, but will date from the date of the recommendation for the officer's promotion.

Bandmasters are eligible for honorary promotion under the provisions of this regulation.

14. Regulation 13 does not preclude a Commanding Officer from recommending a 2nd Lieutenant, irrespective of his length of service, for promotion to Lieutenant, should there be a vacancy in the establishment of Lieutenants, nor is it obligatory on a Commanding Officer to recommend the promotion of a 2nd Lieutenant who has completed the necessary service as above if he does not consider his qualifications justify such promotion.

15. A vacancy may be filled as follows:—

(1) In the event of a vacancy caused by—

- (a) Death;
 (b) An officer being seconded from his unit or transferred to another unit;
 (c) An officer being promoted;
 (d) An officer being declared by a Medical Board to be permanently unfit for service in the field;

by a substantive promotion from the date of death, transfer, or seconding, if a vacancy in the establishment is thereby created.

(2) In the event of a *temporary* vacancy caused by—

- (a) The death, transfer, or seconding of an officer where no vacancy in the establishment is thereby created;
 (b) An officer being declared by a Court of Inquiry to be "missing" or "prisoner";
 (c) An officer being evacuated through wounds or sickness, or being absent from any cause other than those enumerated above (except ordinary leave) and ceasing to be on the actual effective strength of his unit;

by another officer being appointed to do his duty, without any question of promotion or grant of temporary rank.

If after fifteen days he has performed the duty satisfactorily he may be recommended for the grant of temporary higher rank to fill the vacancy—such grant to date from the date of his assumption of the duties carrying such higher rank.

In all cases where a vacancy (whether substantive or temporary) is filled by a temporary appointment, the grant of acting higher rank may be given at once if considered advisable or necessary for purposes of command.

Applications for the grant of temporary higher rank, if deferred for more than thirty days after the officer or officers concerned have become eligible for same, will not be granted retrospectively, unless sufficient reason can be shown for such delay.

15A. An officer declared by a Court of Inquiry to be "missing" or "prisoner" will be seconded three months after the date of casualty, if he has not in the meantime received his unit.

15B. An officer appointed to temporarily carry out the duties of an appointment carrying a higher rank than his own may be given the acting-rank, and authority to wear the badges of the rank carried by such appointment, from the date of his assumption of the duties of the appointment, and may continue to hold such acting-rank until he ceases to carry out the duties of the appointment or is given the grant of temporary higher rank.

16. All promotions, including those of non-commissioned officers, will be made by selection. In the event of the command of any brigade, regiment, battalion, or other unit of the N.Z.E.F. becoming vacant, the vacancy will be filled by selection. This will also apply to squadrons and companies.

16A. (a) Officers Commanding a Brigade, Regiment, Battalion, or other unit of the N.Z.E.F. will forward, through the usual channels, to Headquarters, N.Z.E.F., London (if in France or England), or to G.O.C., N.Z.E.F. in Egypt (if in Egypt), from time to time, as demanded, confidential reports on the fitness or otherwise for promotion to the next higher rank of officers under their command.

(b) These reports will be shown to, and initialled by, the officer concerned.

(c) Selections for promotion will be made in accordance with these reports, except that an adverse report on the sole ground of want of experience will not necessarily bar the promotion of a 2nd Lieutenant to the rank of Lieutenant, and except that, in any case where a report appears ambiguous or unsatisfactory, the matter will be referred to the G.O.C., N.Z.E.F.

17. No commanding or other officer is permitted to promote officers, even provisionally. In the event of any casualty occurring, the next senior assumes temporary command as a matter of course, without promotion and in the rank which he already holds.

18. Officers reported "missing" are not eligible for promotion. Those sick or wounded will be considered in their proper turn.

19. Officers taken prisoner are eligible for promotion up to the rank of Captain only.

20. Officers seconded, if recommended, are eligible for promotion, and to remain seconded, up to the rank of Captain. No seconded officer will be promoted to higher rank than that of Captain unless either—

- (1) He returns to duty with his unit in the field; or
 (2) The appointment which he holds is of itself such as to justify such higher rank; or
 (3) The officer is considered in all respects fitted to carry out with his unit in the field the duties of the rank to which he may be promoted, but it is judged advisable, in the interests of the service, that he continue to perform the duties for which he is seconded.

21. For the purposes of determining the establishment of a unit, reinforcements will be held to form part of the unit immediately on joining it.

22. Recommendations for promotions or appointments must be submitted on the authorized form.

23. Units for the purposes of promotion in the N.Z.E.F. are:—

- A Regiment of Mounted Rifles.
 The Divisional or Army Corps Squadron of Mounted Rifles.
 The N.Z. Cyclist Battalion.
 The N.Z. Field Artillery.
 The N.Z. Engineers—Field Units.
 The N.Z. Engineers—Signal Services.
 The N.Z. Tunnelling Company.
 A Regiment of Infantry.
 The N.Z. Rifle Brigade.
 The Pioneer Battalion.
 The N.Z. Machine Gun Corps.
 The N.Z. Army Service Corps.
 The N.Z. Medical Corps.
 The N.Z. Dental Corps.
 The N.Z. Veterinary Corps.
 The N.Z. Army Ordnance Corps.
 The N.Z. Army Pay Department.
 The N.Z. Army Postal Service.

24. In the case of first appointments to commissioned rank to fill vacancies (substantive or temporary) such appointments will be substantive. Warrant officers or non-commissioned officers of the N.Z. Permanent Staff or Royal N.Z. Artillery who have been granted commissions in the N.Z.E.F. will, on ceasing to be members of the Expeditionary Force, revert to their permanent rank in the N.Z. Military Forces.

25. In making recommendations for first appointment to commissions, officers commanding brigades, corps, or departments will certify that they have seen the person recommended and have satisfied themselves that he is in every respect fit to hold a commission.

26. An officer appointed to a regimental or corps staff is not entitled to higher temporary or substantive rank than his substantive rank.

26A. *Adjutants*—An officer will relinquish his appointment as Adjutant if promoted to the rank of Major.

26B. *Quartermasters*.—No Quartermaster will be promoted to a higher rank than that of Captain unless he both relinquishes the appointment of Quartermaster and is recommended by his Commanding Officer for promotion for services in the field.

26C. *Medical and Dental Officers*—Medical and Dental Officers attested as Lieutenants are eligible for promotion to the rank of Captain after one year's continuous service in the N.Z.E.F., if recommended.

26D. *Quartermasters of Medical Units*—A Quartermaster of a N.Z.E.F. Medical unit holding the rank of Lieutenant who has three years' continuous service in the Territorial and N.Z.E.F. combined, and who has served as a Lieutenant or Honorary Lieutenant for not less than six months in the N.Z.E.F., may be recommended for promotion. Service in the N.Z.E.F. to count double time towards the required period of three years.

26E. *Medical Officers: Appointments and Promotions in N.Z.M.C.*—In view of the fact that the ranks of Lieut.-Colonel and Major are provided for the holders of specific appointments requiring varying qualifications, in future all vacancies for these appointments will be filled by selection, in each case, of the officer best qualified for the appointment, irrespective of seniority: in cases where qualifications are equal, however, seniority will be given preference.

The procedure with regard to appointments in the N.Z.M.C. carrying the rank of Lieut.-Colonel will continue to be as hitherto—namely, recommendations will be made by the D.M.S., through the G.O. i/c Administration, N.Z.E.F., to the G.O.C., N.Z.E.F.

The procedure with regard to appointments in the N.Z.M.C. carrying the rank of Major will henceforth be made in the manner following, namely:—

- (a) Notification of the appointment that is required to be filled will, as soon as a vacancy occurs, be sent by the A.A.G., N.Z.E.F., to the D.M.S., N.Z.E.F., copies of this notification being forwarded at the same time to the A.D.M.S., N.Z. Division; the Consulting Surgeon, N.Z.E.F.; the Consulting Physician, N.Z.E.F.; and also, when the appointment to be filled is in the N.Z.E.F. in Egypt, to the senior N.Z.M.C. officer in Egypt.
- (b) The above three or four last-named officers, as the case may be, will at once forward their recommendations for the filling of the vacancy to the D.M.S., N.Z.E.F.
- (c) The D.M.S., N.Z.E.F., will forward these three or four recommendations, as the case may be, together with his covering letter and recommendation, through the usual channels for the approval of the G.O.C., N.Z.E.F.

26F. *N.Z. Army Nursing Service*—N.Z.E.F. members of the N.Z. Army Nursing Service have the status of officers, and Regulation 12 applies to them.

26G. Staff Nurses of the N.Z. Army Nursing Service, after completing two years' service with the N.Z.E.F. in New Zealand or overseas, may be promoted to Sisters, if recommended by their immediate superiors and by the Matron-in-Chief, N.Z.E.F. The promotion in each case will take effect as from the date following the completion of two years' service.

26H. *Chaplains*—Chaplains, 4th Class, who have given four years' service in the N.Z.E.F., and who are recommended by their principal Chaplain, may be promoted to Chaplain, 3rd Class. This system of promotion is in substitution of the system in force prior to 23/11/18.

TEMPORARY RANK OR APPOINTMENT.

27. Temporary rank, or temporary appointments, will carry the pay and allowances of substantive rank or appointment. Warrant officers or non-commissioned officers of the N.Z. Permanent Staff or Royal N.Z. Artillery who are granted commissions in the

N.Z. Expeditionary Force may draw the pay of their commissioned rank in the Expeditionary Force, or Permanent Staff, or Royal N.Z. Artillery pay, whichever may be the higher. This order will take effect from 21st October, 1915.

28A. An officer granted temporary rank can only retain that rank for the period during which he is actually performing the duties for which it was granted, or, if he is the junior officer holding temporary rank, so long as the number of officers with the unit does not exceed the establishment for that particular rank. In the same manner an officer temporarily appointed to any specified duty will relinquish the appointment as soon as he ceases to perform that duty.

28B. An officer holding the appointment of Adjutant is not eligible for the grant of temporary higher rank whilst performing the duties of an officer absent through wounds, sickness, or other cause, unless and until he has not only relinquished his appointment of Adjutant, but has also performed the absent officer's duties for thirty days after such relinquishment.

28C. As from 1/1/19 the grant of temporary rank of Captain may be made, if recommended, to officers holding the appointment of Adjutant, or Quartermaster.

29. The grant of temporary rank in no way affects regimental seniority; and the fact that an officer who is absent (or otherwise employed) is not granted temporary rank though his juniors are selected for it is not to be regarded as supersession.

30. Commanding Officers will be held responsible for notifying the G.O.C., N.Z.E.F., through the usual channels, weekly, on the prescribed forms, when an officer ceases to perform the duties for which he was granted temporary rank, or to which he was temporarily appointed.

30A. *Acting-rank*—Acting-rank in the N.Z.E.F., whether granted to officers or other ranks, does not carry pay or allowances.

TRANSFERS.

31. No officers shall be transferred from one unit or corps to another without the sanction of the G.O.C., N.Z.E.F., and publication in the N.Z.E.F. Orders.

32. Officers so transferred will be posted to their new unit in accordance with their seniority in the N.Z.E.F.

IV. Reports on Officers, and Regulations re Officers placed on the N.Z. Roll or evacuated from their Units.

33. Officers commanding units will forward, through the usual channels, to the G.O.C., N.Z.E.F., a short report on each officer as soon as he has completed three months' service in their command. Such report to be on the officer's fitness for his present rank and for promotion to the next senior rank.

34. An officer evacuated from his unit in the field, sick or wounded, will, if declared by a Medical Board to be unfit for general service for a period of not less than twelve months, be seconded forthwith. Otherwise, unless placed on the N.Z. Roll, he will remain on the establishment of his unit in the field for four months, and will during this period remain eligible for promotion if duly recommended. After four months' absence he may be seconded on the application of his military superiors.

While seconded under this regulation he will (subject to the provisions of Regulation 38) be eligible, if recommended, for one step of substantive promotion only, but will be eligible for the grant of further higher temporary rank if employed on duties which warrant such a grant.

An officer will remain so seconded until he is either (1) placed on the N.Z. Roll, or (2) discharged from the N.Z.E.F., or (3) declared by a Medical Board to be "A" Class and fit for general service in the field, or (4) absorbed in the establishment of his Reserve unit.

No officer will be promoted under this regulation to a higher substantive rank than that of Major.

35. (a) Every officer evacuated sick or wounded will be medically boarded as soon as possible after evacuation. Any officer declared by the Medical Board to be unlikely to be fit for service in the field within three months from the date of being boarded will be sent to New Zealand by the first hospital ship or transport available after he is fit to travel, and will be placed on the N.Z. Roll from the date of his embarkation for New Zealand.

(b) Any officer whose return to New Zealand is approved by the G.O.C., N.Z.E.F., for reasons other than those of health or duty will also be placed on the N.Z. Roll, to date from the date of such approval.

(c) An officer placed on the N.Z. Roll will remain on the roll of his "unit for promotion," but will be supernumerary to establishment, and a substantive appointment or promotion may be made in his place. He will be ineligible for promotion so long as he remains on the N.Z. Roll, but will be eligible for the grant of temporary higher rank.

(d) On arrival in New Zealand officers will report to Military Headquarters, who will decide whether they are to return to the front with reinforcements, or to be employed in some other military capacity, or to be discharged from the N.Z.E.F.

(e) An officer placed on the N.Z. Roll will not be struck off the strength of the N.Z.E.F. unless and until he receives his discharge, and no officer shall be discharged from the N.Z.E.F. outside of New Zealand except under special circumstances, and by order of the G.O.C., N.Z.E.F.

(f) Should an officer placed on the N.Z. Roll subsequently return to duty at the front he will be struck off the N.Z. Roll (*i.e.*, be retaken on the strength of his unit), and become eligible for promotion, from the date of the termination of his voyage from New Zealand.

An officer, even though gazetted in the *N.Z. Gazette* as "returning to duty," will be struck off the N.Z. Roll from the date of the termination of his voyage, and not from the date of his being so gazetted.

(g) Should an officer receive his discharge from the N.Z.E.F. and subsequently rejoin, he will rejoin in the rank he held in the N.Z.E.F. at the time of his discharge, but with seniority in that rank from the date of his reattestation.

36. When an officer, not above the rank of Captain, has been struck off the strength of the N.Z.E.F. under the provisions of the N.Z.E.F. Regulation 33 formerly in force, but cancelled by N.Z.E.F. Order No. 125, or has been placed on the N.Z. Roll, and returns to the Expeditionary Force for general service in the field, and it is found that he has missed his turn for promotion, and provided he has not become ineligible under Regulation 38, he may be considered for promotion to one step of rank irrespective of whether or not there be a vacancy existing at the time of his return. If so promoted he will be placed in the higher rank in such seniority as the circumstances are considered to warrant. The pay and allowances of the higher rank will not necessarily commence from the date of the seniority given, but from such date as may be notified in the order making the promotion.

37. If, however, he is not so promoted, he will be posted with the rank and seniority he held at the time of his being either struck off the strength of the N.Z.E.F., or placed on the N.Z. Roll, as the case may be.

38. An officer who has received promotion under Regulation 34 before being seconded will not be eligible for further promotion while seconded under that regulation, and, if subsequently placed on the N.Z. Roll, will not be eligible for promotion under Regulation 36 on returning to the front. An officer promoted whilst seconded under Regulation 34 will be ineligible for promotion under Regulation 36.

V. Reserve or Training Battalions and Depots.

39. Transfers from Reserve battalions or depots to Service battalions or other units will be made on the principle that, after a period of service in the Reserve battalions or depots, officers and men should be given an opportunity of service with a battalion or unit at the front. In the interests of Service battalions or other units, only efficient officers and N.C.O.s should be posted to Reserve battalions or depots.

VI. Promotion of Warrant Officers, Non-Commissioned Officers, and Men in the N.Z.E.F.

40. Promotion of warrant officers, non-commissioned officers, and men in the N.Z.E.F. :—

(1) *Permanent Vacancies.*—Substantive promotion may be given in the field to fill vacancies in an authorized War Establishment which are caused by death, discharge from the service, reduction in rank, transfer to the authorized establishment of another unit, by gazettement to a commission, or by other causes of a permanent nature.

(2) *Vacancies not necessarily Permanent.*—Substantive promotion may also be given in the field to fill vacancies which may not be permanent, due to the following causes :—

- (a) Made a prisoner of war, and officially reported as such :
 (b) Declared missing, and officially reported as such :

(c) Evacuated sick or wounded to England in the case of France, and to New Zealand or England in the case of Egypt, or thirty days after being evacuated sick or wounded from the divisional area :

(d) Sent to England in the case of France, and to New Zealand in the case of Egypt, as inefficient in the field :

(e) Classified "P.B." (permanent base) after being evacuated to a base :

(f) Withdrawn from the unit for transfer to the British Army, or for other special duties outside the N.Z.E.F. :

(g) Candidates for commissions withdrawn to join an Officer Cadet Unit.

(3) *Supernumeraries.*—Warrant officers (Class I and Class II) and N.C.O.s holding substantive rank who are sent out with drafts will be absorbed into vacancies at the first opportunity, and promotion will not be made if there are any supernumeraries with the unit.

(4) *Warrant Officers, Class I.*—Recommendations to fill vacancies for warrant officers, Class I, will be forwarded to the G.O.C., N.Z.E.F., but, in cases of urgency, the grant of the temporary rank of warrant officer, Class I, may be given by the G.O.C., N.Z. Division, and G.O.s.C., N.Z.E.F. in United Kingdom and Egypt respectively, until a substantive promotion has been made to fill the vacancy.

(5) *Appointments carrying Warrant Rank.*—The following appointments will automatically carry warrant rank, and should be shown in Part 2 Orders in each case :—

WARRANT OFFICERS, CLASS I.

Bandmasters.	Sub-Conductors (N.Z.A.O.C.).
Conductors (N.Z.A.O.C.).	Superintending Clerks at Divisional Headquarters and Headquarters N.Z.E.F.
Farrier Sergt.-Majors.	
Sergt.-Majors.	
Staff Sergt.-Majors.	

WARRANT OFFICERS, CLASS II.

Battery Sergt.-Majors.	Squadron Sergt.-Majors.
Company Sergt.-Majors.	Troop Sergt.-Majors.
Quartermaster Sergeants.	Staff Quartermaster Sergeants.

There are no warrant officers, Class II, in the—

N.Z. Army Ordnance Corps.
 N.Z. Veterinary Corps.
 N.Z. Provost Corps.

(6) *Officer authorizing Promotion :—*

The following officers are authorized to approve of the promotion of warrant officers, Class II, and non-commissioned officers above the rank of sergeant :—

Units in Egypt—	Officer authorized to promote.
Mounted Rifles	Regimental Commander.
All other units	G.O.C. N.Z.E.F. in Egypt.
Units in France—	
Infantry	Battalion Commander.
All other units	Officer in Charge N.Z.E.F. Records, London, who will be responsible that such promotions are in accordance with establishments, and are recommended by the Commander of the branch of the service concerned.

(b) Non-commissioned officers up to Unit Commander. In the case of the N.Z.F.A., the Brigade Commander.

(7) *Corps Promotion.*—A general corps roster of sergeants and upwards will be kept by the O.i/c N.Z.E.F. Records, London, for the following :—

N.Z.F.A.	N.Z. Veterinary Corps.
N.Z. Engineers.	N.Z. Provost Corps.
N.Z. Machine Gun Corps.	N.Z. Army Pay Corps.
N.Z. Army Service Corps.	N.Z. Army Ordnance Corps.
N.Z. Medical Corps.	N.Z. Army Postal Service.
N.Z. Dental Corps.	

The system of promotion of warrant officers, Class II, and N.C.O.s above the rank of sergeant serving in France and the United Kingdom in the above corps will be as follows:—

- (i) The unit for promotion will be all those portions of the above corps, &c., located in France and the United Kingdom.
 - (ii) Appointments up to the rank of sergeant will be made by O.s.C. Units.
 - (iii) Vacancies in ranks above sergeant will be notified by O.s.C. Units concerned direct to O.i/c Records, N.Z.E.F., London. In cases of urgency, O.s.C. Units are empowered to make temporary appointments to fill vacancies until substantive appointments are made by the O.i/c Records.
 - (iv) Officer in charge of Records, N.Z.E.F., London, will—
 - (a) Keep a nominal roll, N.Z.—A/11, in order of seniority of all N.C.O.s of the rank of sergeant and upwards:
 - (b) Fill vacancies as they occur from this roll:
 - (c) Publish in Headquarters, N.Z.E.F., Part II Orders the names of N.C.O.s promoted:
 - (d) Inform both the officer who notified the vacancy and the O.C. of the unit in which the N.C.O. is serving that the promotion has been made:
 - (e) Request the A.A.G., N.Z.E.F., to arrange for movements when necessary.
 - (v) Corps promotion will not include N.C.O.s serving outside of France and the United Kingdom.
 - (vi) The nominal roll, N.Z.—A/11, referred to in (iv) (a) will be rendered by O.s.C. Units to O.i/c Records, N.Z.E.F., London, when called for by him.
 - (vii) The column of remarks of N.Z.—A/11 will show any special duties in which the N.C.O. is engaged, such as artificer, dispenser, clerk, nursing, or general duties, &c.
- (8) *Temporary Appointments to fill Vacancies when N.C.O.s qualified for Substantive Rank are not available.*—If there is no warrant officer, Class II, or N.C.O. available to fill one of the vacancies under paras. (1) or (2) nor a man available who is considered qualified for promotion, a temporary appointment may be made until such time as a N.C.O. holding the required rank, or one qualified for promotion, becomes available.
- (9) *Temporary Appointments authorized to be made immediately a Vacancy occurs.*—Immediately a temporary vacancy is caused by N.C.O.s being reported as missing from their units, or by the evacuation from the divisional area of N.C.O.s, and prior to the official report being received that the vacancy is due to any of the causes specified in the categories (a) to (g) of para (2) a temporary appointment may be made to fill the vacancy without regard to there being N.C.O.s available at the base. This applies to all units, including those mentioned in para. (7).
- (10) *Substantive Promotion to Sergeant not authorized until N.C.O. has served in the Field.*—No N.C.O. employed in a base unit will be confirmed in a higher rank than that of corporal if he has not previously served with a unit in the field, except as provided for in para. (16) (c).
- (11) *Unauthorized Temporary Appointments.*—No temporary appointments other than those authorized under paras. (7) (iii), (8), (9), and (16), will be recognized unless specially authorized by the G.O.C., N.Z.E.F.
- (12) *Temporary Appointments to carry Pay of Rank.*—Temporary rank or temporary appointments will carry the pay and allowances of substantive rank of appointment. Reallocation of pay will not be permitted on account of temporary higher rank granted.
- (13) *Temporary Appointment, when given up.*—A temporary appointment or the grant of temporary higher rank will be given up as soon as the vacancy is permanently filled, or the holder ceases to perform the duties of his appointment or rank. On no account will temporary rank be retained after a N.C.O. or man leaves his unit. The O.i/c N.Z. Records, 3rd Echelon, will automatically publish in unit, Part II, Orders all relinquishments of temporary ranks of N.C.O.s as soon as possible after they vacate their appointments for which temporary ranks were given.
- (14) *Temporary Appointments and Seniority.*—The grant of temporary rank in no way affects regimental seniority, and the fact that a N.C.O. who is absent (or otherwise employed) is not granted temporary rank, though his juniors are selected for it, is not to be regarded as supersession.
- (15) *Acting Ranks.*—When it is considered necessary for a N.C.O. to hold higher rank than that allowed for in the authorized establishment, acting rank may be given, but only by the undermentioned, and such grant of acting rank must be notified on A.F.B. 213, entered in pay-book of N.C.O. concerned, with a note that it carries no additional pay, and published in Part II of Orders. Acting rank will be relinquished

as soon as the holder ceases to perform the duties for which he was appointed, and such relinquishment will be notified on A.F.B. 213, entered in pay-book of N.C.O. concerned, and shown in Part II of Orders.

Acting ranks do *not* carry pay.

The following officers *alone* are authorized to grant acting ranks:—

Brigade Commanders.
C.R.A. and C.R.E.
O.C., A.S.C.
Commandants of Camps and Base Depots.

(16) *Temporary N.C.O.s arriving from New Zealand with Reinforcements:*—

- (a) Temporary N.C.O.s on arrival in England or Egypt from New Zealand will relinquish their temporary ranks as under:—
 - Those above rank of sergeant, to temporary sergeant.
 - Temporary sergeants, to temporary corporals.
 - Temporary corporals, to lance-corporals.
 - Lance-corporals will relinquish their appointments.
- (b) These N.C.O.s will not be sent to join units in the field until they have undergone a course of instruction at a N.C.O.'s school, and the ranks to which they have reverted will not be made substantive unless they qualify as "Very good" or "Good" on passing out of the school. If such N.C.O.s do not obtain a qualifying certificate equal to "Good" they will revert to the ranks.
- (c) No temporary N.C.O. will be confirmed in the rank of sergeant if he does not obtain a "Very good" certificate, but will be reverted to a lower grade at the discretion of his O.C. Reserve Unit.
- (d) Non-commissioned officers who held substantive rank with the N.Z.E.F. in Samoa will not relinquish their rank on their arrival in Egypt or England, provided they did not at any time take their discharge in New Zealand nor in any way break the continuity of their service in the N.Z.E.F.
- (e) No temporary N.C.O.s will be sent with drafts to join units overseas. If additional N.C.O.s are required for duty with such drafts, acting appointments may be made as required.

(17) *Special Units at the Base.*—The promotion of warrant officers and N.C.O.s in Medical units such as convalescent and other hospitals, discharge depots, &c., in England, and at the base in Egypt, will be governed by special establishments authorized in N.Z.E.F. Orders. N.C.O.s belonging to combatant units in the field, who are employed with such special units, will not while so employed be eligible for substantive promotion to higher rank than that of corporal.

(18) *General.*—It is most important that—

- (a) Promotions, whether substantive or temporary, should be published in orders:
- (b) The promotion should not be entered in the man's pay-book until it has been published in orders:
- (c) The reasons for the appointment or promotion—*i.e.*, the vacancy which gave rise to same—should be published:
- (d) It should be clearly explained to the individual at the time whether the promotion is substantive or temporary.

41. (1) Non-commissioned officers of the N.Z. Permanent Forces will hold the rank in which they are posted to the N.Z.E.F. on attestation.

(2) This rank will be substantive.

(3) If subsequently promoted to higher rank in the N.Z.E.F. before arrival in Egypt or the United Kingdom, such promotion will be subject to para. (16) of N.Z.E.F. Regulation No. 40, with regard to reversion.

(4) N.Z.E.F. Regulation No. 12 is not applicable to officers or N.C.O.s of the N.Z. Permanent Forces serving in the N.Z.E.F.; should they be promoted in the N.Z. Permanent Forces this promotion will automatically take effect in the N.Z.E.F.

N.B.—All concerned must clearly understand that their rank and status in the N.Z.E.F. do not in any way affect their rank and status in the Permanent or Territorial Forces, and that their promotion goes on in the Permanent or Territorial Force to which they belong in turn and according to establishment, irrespective of any promotion or otherwise in the N.Z.E.F., and that on ceasing to belong to the N.Z.E.F. they resume the rank and precedence in the N.Z. Permanent or Territorial Force (as the case may be) as shown in the N.Z. Army List.

COMMANDS AND STAFF.

Personnel of the Headquarters of the N.Z.E.F. Administration and of the Principal N.Z.E.F. Formations as on the 31st October, 1918.

General Officer Commanding N.Z. Expeditionary Force

NEW ZEALAND EXPEDITIONARY FORCE.

Diagram showing the Percentage of Total Population and of Male Population of Military Age mobilized and embarked.

This diagram is based on the 1914 population, and does not take into account the increase in population, which provides an annual increment of 8,000 men of military age. Total population, 1914 = 1,089,825. Men of military age, 1914 = 243,376.

NOTE.—Extract from "War, 1914-1918: The New Zealand Expeditionary Force, its Provision, and Maintenance." Published by the N.Z. Government, 1919.

OPERATIONS IN WHICH THE N.Z.E.F. TOOK PART.

SAMOA.

SPECIAL GENERAL FAREWELL ORDER.

By Lieut.-General Sir **ALEXANDER J. GODLEY, K.C.B., K.C.M.G.**, Commanding
New Zealand Expeditionary Force.

To all ranks of the New Zealand Expeditionary Force.

As the demobilization of the New Zealand Expeditionary Force, now nearly complete, will automatically terminate my command, I take this opportunity to bid you farewell.

It has been a great privilege—a privilege I have most fully appreciated—to have not only raised and brought from New Zealand such a Force, but to have had the honour of holding the command of it throughout the whole period of the war.

Much to my regret, the exigencies of the service have frequently, and at times for long periods, withdrawn formations and units of the New Zealand Expeditionary Force from my command in the field. Some, like the Division and Mounted Brigade, have served under many Commanders and in many areas, and all have served under at least one Commander other than myself.

In Gallipoli, Egypt, Sinai, Palestine, France, Belgium, and the United Kingdom you have taken your full share of the burden and stress of this war, and you have earned—I believe without exception—the highest regard of all those under whom and with whom you have served.

You will leave behind you a reputation for discipline, fighting qualities, steadiness, resource, initiative, hard work, and gentlemanly conduct of which both you and New Zealand have every reason to be proud.

All those who have in any way contributed to this reputation by their conduct, whether in the front line, the lines of communication, in a base camp, or in whatever capacity the needs of the service have placed them, will please accept my most grateful thanks. In particular I desire to place on record the great indebtedness due by me and by all those concerned in the welfare of the New Zealand Expeditionary Force to Major-General Sir Andrew Russell, K.C.B., K.C.M.G., Major-General Sir Edward Chaytor, K.C.M.G., C.B., T.D., A.D.C., and Brigadier-General G. S. Richardson, C.B., C.M.G., C.B.E., for their loyal co-operation, continuous hard work, and great capacity for leadership and organization.

To the New Zealand Defence Department and the Headquarters and Military Districts of the New Zealand Military Forces in New Zealand we owe a deep debt of gratitude. The unvarying support and unceasing help given us by Colonel the Hon. Sir James Allen, K.C.B., T.D., M.P., and by Major-General Sir Alfred Robin, K.C.M.G., C.B., T.D., who have been, respectively, Minister of Defence and General Officer Commanding the New Zealand Military Forces throughout the whole period of the war, have been of the greatest possible value to us, and have contributed largely to the success attained by the Force.

I also desire to express, both on my own and on your behalf, our hearty thanks to all those officers lent to us by the British Army: the fact that we have been able, in a steadily increasing degree, to replace them by New Zealand officers capable of carrying out their duties is the best possible proof of the disinterested success and value of their work.

Though the New Zealand Expeditionary Force has not suffered out of proportion to the other forces engaged, the cost of our victory in the loss of valuable lives—the greatest evil incidental to all wars—has been heavy.

My sympathy goes out to all those of you who are returning to your homes permanently disabled. I rejoice, however, to know that not only will the usual compensation be given in the way of pensions, but that the New Zealand Government propose to do all in their power, by education and other means, to enable you to carry on useful work in the future in spite of your disabilities.

Still more do I sympathize with the relatives of those who will never return. May they be comforted by the thought of the greatness of the cause for which they died—namely, the very existence of the British Empire, and of New Zealand as a free country within that Empire. May they also be comforted by the knowledge of the fact that it was the thought of the supreme sacrifice made by their comrades and relatives, and the belief that the acceptance of anything short of complete victory would be treason to their memory, that did more than anything else to steel the hearts of both our soldiers and civilians to the long-sustained effort and patient endurance that eventually won through.

In the record of your service in this war you have given the New Zealand Citizen Army the best of all possible foundations—the traditions of sacrifice and success. I trust no effort will be spared to utilize to the utmost extent this dearly-bought tradition, and that the name of every soldier who has fought in this war will in some way be associated with a specific New Zealand Territorial unit, and that his services will be recorded in that unit's Regimental History.

I hope that many of you will continue to take an active part in the work of the New Zealand Military Forces. Your experience of actual warfare has taught you the true meaning and supreme value of discipline: your co-operation, therefore, will be invaluable.

It is claimed by some that war service justifies a subsequent life of ease and the making of many demands on the rest of the community. That no ex-member of the New Zealand Expeditionary Force will be found to re-echo so unworthy a sentiment I feel confident. I trust rather that the spirit of service and self-sacrifice so conspicuously shown throughout the war will be carried on into civil life, and that all will endeavour to do their full share in making good the leeway and in bearing the burdens caused by the war.

My four years as General Officer Commanding the Forces in New Zealand, and still more my nearly five years' experience as General Officer Commanding the New Zealand Expeditionary Force, has specially impressed me with the natural capacity of the New Zealander. New Zealand, I am convinced, is able and is destined to play a part in the world out of all proportion to her size and population. That such a destiny may be hers, and that you may all return in safety to your homes and may live long in happiness and prosperity in your greatly favoured country, is the sincere wish of

ALEX. J. GODLEY, Lieut.-General,
Commanding New Zealand Expeditionary Force.

10th June, 1919.

APPENDICES.

SAMOAN ADVANCE.

Headquarters Staff.

Colonel Logan, Robert.	Captain Tottenham, Arthur Loftus.
Major Holmes, Matthew.	Captain Wright, Hubert Harvard.
Major Pinwill, William Richard.	Lieut. Bell, William Henry Dillon.

Withell, W. W.	Christchurch	2nd Lt. 15/2/19	
Wooding, T. P.	Christchurch	2nd Lt. 15/2/19	
Woods, J.	Auckland	2nd Lt. 8/8/18	

NOTES.

1. Those shown with rank of Cadets only would have been commissioned had they not returned to New Zealand and disembarked prior to 15/2/19.

2. In the case of those commissioned on 15/2/19 (owing to disbandment of schools), xx denotes completed ground training: xxx denotes subsequently completed whole course, including flying training with squadron.

INDEX.

As the recipients of each class of honours and awards are grouped together in alphabetical sequence, and (as in the case of all commissioned officers, nurses, and 1st class warrant officers) the honours awarded to each are placed against their names in the record of their personal services, honours and awards shown on the lists pages 385 to 479 (inclusive) are not separately noted in this index.
